## AITUTAKI, COOK ISLANDS

### *The Island That Captivates the World*

When the Lonely Planet co-founder describes somewhere as 'the world's most beautiful island' you can be sure that you are in for a treat. Incredible Aitutaki, inspiring Aitutaki, unbelievable, idyllic, and unimaginable, there are simply not enough superlatives to describe quite how amazing Aitutaki is. Brought to light in 1779 by Captain Bligh, the Mutiny on the Bounty meant that Aitutaki had somewhat of a bloodthirsty history. While European missionaries eventually settled on the island in the 19th century (evidenced by the white, coral-encrusted walls of the many churches) the island's Polynesian history dates to around 900 A.D. Traditional songs and dances from this period still exist (although Christian hymns, known as imene metua are also popular), and are performed by islanders with gusto and much pride. The island is part of the Cook Islands, one of the most secluded and romantic archipelagos in the world. With its powder-white sand, warm turquoise waters, and sense of casual luxury, it is easy to see why the island has earned itself the moniker "honeymooner's island". However, there is much more to Aitutaki than just fun in the sun. With a reef that completely encompasses a large turquoise lagoon, Aitutaki is considered one of the most spectacular diving and snorkeling destinations in the world. Added to the tropical excitement is that when entering the main village via Zodiac along a narrow channel - travelers will be greeted by a traditional and customary warrior challenge.
