HAND WASHING AND HAND SANITIZING

Keeping hands clean through improved hand hygiene is one of the most important steps we can take to avoid getting sick and spreading germs to others. Many diseases and conditions are spread by not washing hands with soap and clean, running water. Alcohol-based hand sanitizers can quickly reduce the number of germs on hands. Please use the hand sanitizers situated at the entrance door of the dining outlets and various locations around the ship.

**IN THE EVENT OF AN
EMERGENCY PLEASE DIAL 999**
