BORA BORA (SOCIETY ISLANDS), FRENCH POLYNESIA

The Dream Island That Defies Imagination

If you've ever imagined your perfect island escape, chances are it resembles something like this: seas the color of liquid sapphire, beaches so white they shimmer beneath the sun, and charming thatched-roof bungalows perched over calm, crystalline water. Gentle palm trees lean toward the sea as if drawn by the breeze itself, and beneath the surface, schools of brilliant fish dart among coral gardens bursting with life. Yet even with all these postcard-worthy elements in mind, the first real glimpse of Bora Bora somehow surpasses anything the imagination can conjure. This tiny tropical jewel—measuring less than 12 square miles, tucked into the heart of the South Pacific—has long claimed its place at the very top of global travel wish lists. For decades, it has held a reputation as the ultimate honeymoon sanctuary, and understandably so; the sunsets alone, drenched in molten gold and watercolor pink, seem crafted specifically for romantic reverie. But Bora Bora offers far more than strolling hand-in-hand beneath a sky turning to stardust. Everywhere you turn, you're enveloped by the lagoon's kaleidoscopic hues—turquoise, teal, jade, and deep ultramarine blending together like an artist's palette spilled across the horizon. And when your eyes have fully soaked in its beauty, adventure patiently waits just below the surface. Underwater scooters glide past coral formations like something out of a futuristic dream, and aqua-safari excursions invite you to walk along the ocean floor as tropical fish swirl around you in gentle curiosity. In Bora Bora, serenity and exhilaration coexist effortlessly. It's a place where nature dazzles at every turn, where time slows, and where even the most vivid daydreams feel modest compared to the real thing.

HAND WASHING AND HAND SANITIZING

Keeping hands clean through improved hand hygiene is one of the most important steps we can take to avoid getting sick and spreading germs to others. Many diseases and conditions are spread by not washing hands with soap and clean, running water. Alcohol-based hand sanitizers can quickly reduce the number of germs on hands. Please use the hand sanitizers situated at the entrance door of the dining outlets and various locations around the ship.
