FREMANTLE (PERTH), AUSTRALIA

Fremantle or 'Freo' is Perth's Old Town

Coming in at number seven on Lonely Planet's list of best places to live, Fremantle has finally begun to shake off the shadow of neighboring big brother Perth. With just 20 kilometers separating the two cities, Perth, with its happy hippie vibe has long been the big pull for visitors to the region. But Fremantle's colorful past and bright future gives Perth as good as it gets. The coastal city has undergone a complete revamp since the America's Cup thrust Fremantle into the spotlight in 1987. Over AUS\$1.3 billion has been poured into revamping the city, and the fruits of the city's labor are ripe for picking. Investment in the arts has brought Fremantle to the fore of thriving urban culture, while generous grants for small businesses has led to groovy live-music rooms, hipster bars, boutique hotels, left-field bookshops, craft-beer breweries, Indian Ocean seafood shacks amid the buskers and beaches. If that doesn't not sound like your glass of beer, we guarantee a stroll along the wooden riverside walkway will change your mind. The city also enjoys another, rather different status. Fremantle was one of Australia's penal cities, vestiges of which can still be found in Fremantle Prison. Almost 10,000 convicts were condemned to life imprisonment here between 1850 and 1868, but the prison remained in use until 1991. Today, the memorable sandstone building is a UNESCO World Heritage Site and at just 15 minutes from port is well worth a visit. Just don't forget your get out of jail free card.

AUSTRALIAN BIOSECURITY

This is an important message from the Australian Government. Australia has strict biosecurity laws that affect you. Before leaving the cruise ship for your experience ashore, all food must be left onboard. Any food you have should be left in your cabin or disposed of in the bins provided onboard. This includes items such as fresh fruit, sandwiches, yoghurt, milk, bacon, ham, sausages and eggs. Thank you for your attention and for supporting Australia's biosecurity.

HAND WASHING AND HAND SANITIZING

Keeping hands clean through improved hand hygiene is one of the most important steps we can take to avoid getting sick and spreading germs to others. Many diseases and conditions are spread by not washing hands with soap and clean, running water. Alcohol-based hand sanitizers can quickly reduce the number of germs on hands. Please use the hand sanitizers situated at the entrance door of the dining outlets and various locations around the ship.
